Accounts Payable	\$ 91,051.55
Gross Payroll	\$ 37,943.73 (Including taxes, Credit Union, Police Detail, Fire Detail)

OTHER BUSINESS

Vice Chairman Butt reported that he and Sherry Burdick had met with a contractor to discuss the Town Hall doors. All agreed that the Town should stay with a double door design because single doors would be very heavy and require special hardware. In addition, a single door would have such a wide swing that a person entering the building would have to step down the steps out of the way while opening the door. Cost estimates will be forthcoming.
