III: NON-RESIDENTIAL SITE PLAN

Hearing opened @ 7:30pm.

Motion made by Chairman Francisco to accept the application as complete, seconded by Mr Fillmore, there being no discussion on the application motion passed 3-0.

Plan was presented by Mr. Mulholland requesting to operate a business sandblasting, painting and undercoating vehicles in a new to be built facility. Mr. Mulholland does not ~~perpose~~ propose doing any mechanical or body work on vehicles at this business. Surveyor Arthur Siciliano went through the site plan, some things that need revising, Note # 4 states 11 parking spaces should be 12 as plan shows 12. NH-DOT driveway permit has been applied for but not yet received. After reviewing the plan the board requested the following changes;

- Remove bumpers in front of snow storage area, north end of parking lot.
- Note needs to be added about ~~aquifer~~ aquifer zone.

- Parking lot to be graded so water drains down through the center of it, and exits out the north end, through snow storage area.
- A depression needs to be created between 50' setback indicator dimension and 25' wetlands buffer to store runoff before leaving the site.

Chairman Francisco opened the meeting up to abutter and public comment, abutter Mike McLellan of 49 Orchard Hill Road spoke. Mr McLellan asked about lighting and hours of operation. He also asked about the status of the Borrow Pit and about any activity that may be taking place to the rear of the lot. The board stated there would be no activity beyond the retaining wall shown on the plan as that was a wetland buffer area that could not be encroached upon.

There being no other abutters or public that wanted to speak, Chairman Francisco closed the public comment period.

The board discussed dumpster location and ways to screen it from abutters, a fence will be added around the dumpster on two sides to screen from abutters view.

Trees and shrubs will be added, 3 spruce trees between septic system and Rte 114, 7 shrubs in island between parking lot and Rte 114 around the sign will also be added.

Lighting needs to be shown on building, and a note added indicating the lighting details.

A note 11 needs to be added to plan describing building siding material and texture. Hours of operation and description of proposed use needs to be added to plan.

NHDES septic approval needs to be added to plan along with NHDOT approval number.

Chairman Francisco motioned to continue meeting to May 9, 2019, seconded by Mr. Fillmore, there being no discussion vote was 3-0.
