

**CEMETERY TRUSTEE MEETING
FEBRUARY 10, 2012**

PRESENT: Donald Burke, Janet Brown, Robert Gordon, Andrew Spielberger, Tim Redmond, Don and Judy Rogers

The meeting came to order @2:00pm

The meeting with Tim Redmond was to discuss the rebutting of the Oil Mill Cemetery granite stone wall that is located on River Road very close to the road that is heavily travelled by 18 wheeled gravel trucks daily.

Mr. Redmond asked us what exactly we are planning to do at this site. Robert Gordon presented what we had in mind. He asked Tim Redmond if he and his men could help us dig the 245 foot ditch 3-4 feet deep. We had planned maybe using 8x8x2 cement blocks but Robert thought it would take a lot more time to set them up. Robert said he would build the forms for the concrete base for wall. The concrete company could come and pour cement which would be a lot faster than us trying to set all those blocks in place. This means less time closing down one lane.

We need to address traffic control on this road with the Police and Highway Departments. Janet will set up meeting with Selectmen with Trim Redmond to get project approval and all traffic issues addressed.

We also have drainage problems within cemetery walls which we will be taking care of when we do the wall. It was a great meeting. Andrew Spielberger spoke about what he needed for time to set the wall. Thanks to all of you.

The Trustees left Mr. Redmond's office to continue our Cemetery meeting in the Conservation Room of the Town Office Building.

The minutes of the December meeting were read and accepted by all. There was no meeting in January 2012. Don and Judy Rogers had asked to be on our agenda.

Don Rogers said that Dale Purington who has worked with him many years as grave digger and helping with burials wants to retire. Don said that he and Judy would like someone to replace Dale and he has spoken to Mr. Mark Hubbard from Dignified Lawn Care who has done many burials for Hillside Cemetery a primate cemetery. Mr. Hubbard said he would also cover for Judy and Don if they are away for a few days with sales of lots and burials at all cemeteries.

We approved their request. They will now notify the Selectmen.

Meeting adjourned at 3:36 pm.

Respectfully submitted,
Janet Brown, Secretary
