Public Comment:

The guests are from the Lake Horace area. They voiced a strong concern regarding a neighbor in the area shooting tunerite targets. The committee advised them to file a written complaint with the Police Dept., have a meeting with Police Dept and if they still have concerns to have a meeting with the Board of Selectmen.

Lori brought the committee up to date regarding the committee's status with the BOS. The BOS agreed to have the Noise Ordinance Committee continue their study of a possible Noise Ordinance for the Town of Weare for another year. The members in attendance moved forward with putting together a short survey to be offered during the General Election Nov. 8th. Lori and Gregg will cover this.

Next meeting to be determined after the election.

Meeting adjourned at 8:30pm

Respectfully submitted

Lori Davis, Chair
